**2010 Review Course for the National (ASBOG®) Geology Licensing Exam
or
2010 Review Course for the National (ASBOG®) Geology
& California Supplemental Exams
July/August, 2010
8:00am - 4:00pm (Course for ASBOG® Exam only)
8:00am - 10:30am (Oakland, CA Supplemental Course)
6:00 - 8:30pm (Santa Ana, CA Supplemental Course)**

Bring the Study Manuals, the Problems and Quizzes book, course notes, and tools including protractor, engineer's scale, straight edge or ruler, rolling ruler, calculator, extra paper (including tracing paper), erasers, and soft lead and colored pencils.

Before the class, please review the Study Manual and work as many problems as you can at the end of the chapters.

Introduction to the ASBOG® Exam

(exam preparation, strategy and format, exam topics, emphasis and reading list)

General Geology

(Guidelines for reports, map and cross section interpretation, structural geology - basics, geophysical methods, remote sensing, drilling and sampling methods)

Hydrogeology

Lunch break (Approximately a 1 hour break will be provided around 12:00 noon, lunch not provided)

Environmental Geology

Engineering Geology

(soil mechanics, USCS, lab & field tests, grouting, slope stability, engineered structures)

Structure/Tectonics/Seismology

Economic Geology & Energy Resources

(Mining and mine reclamation, petroleum)

Rocks & Minerals

(Rock and mineral associations and origins, weathering processes)

Sedimentology/Stratigraphy/Paleontology

Quaternary Geology/Geomorphology/Surficial Processes

Combination Problems

Ethics

California classes will have a section on California Geology, California Regulations, and Hazards with an emphasis on earthquake hazards on a separate day.

Parking is available at the facilities.
